

Elmaflex 460

Flexible 3000A TRMS clampmeter

With the Elmaflex 460, Elma Instruments is reinventing the clampmeter. It has never been easier to measure current in this wide a range. The clamp is made in a very flexible material, with a coil diameter of just 7.5mm and a length of 460mm, making it easy to measure even in otherwise inaccessible spaces or clamp around several parallel conductors. ElmaFlex 460 is in an ergonomical design, easy to handle with one gloved hand. The instrument measures TRMS current from 0.2 to 3000A AC. The instrument is furthermore equipped with lit display, datahold, auto range and auto power off. ElmaFlex 460 fulfils EN 61010-1 CAT IV 600V and CAT III 1000V and is delivered ready to use with batteries and manual.

Technical data:

Current Measurement, AC

Measurement range: 0.00 A - 3000 A

Display

Display: Digital display, backlit

Standards and norms

Instrument: IEC/EN 61010-1, IEC/EN 61010-2-032, IEC/EN 61326-1

Safety category

IEC 61010-1 measurement category: CAT III 1000 V, CAT IV 600 V

Power supply

Batteries: 2 x AAA Alkaline (incl.)

Dimensions

H x W x D: 350 mm x 130 mm x 25 mm

Weight

Net weight: 200 g
